“ Yvonne was and still is one of the kindest people I've met. 40+ years apart and we talked like we grew up together.

She was personable. She understood without you needing to say much. She was an absolute gem and the spirit realm got such a good one. Playing some Alex Isley for you today. ☐

“ My best friend, my sister I never knew a person so kind hearted, with impeccably joy and kindness for all. I don't remember how we became friends. We talked about it a few times but we realized it didn't matter. We were friends for life 50 years is a life time one that I will never forget and we know You don't question your blessing and I will truly miss you my sister, my best friend. But our path will cross again. LOVE YVONNE MY SISTER VICKY
